

## Microbiology test catalogue

October 2022

Below is the complete Microbiology test catalogue available in Sunquest ICE following the move to Winpath Enterprise in October 2022. For Microbiology orders, the existing catalogue order screens will be replaced in Sunquest ICE.

Test name
Adenovirus Quantitative PCR, blood
Ante Natal Screen With HIV, blood
Antenatal virology screen excl HIV test
Anti-DNASE B Titre, blood
Anti-Streptolysin O (ASO) test
Bordetella Pertussis Serology, blood
Chlamydia Antibodies - Ref Lab, blood
Chlamydia Gonorrhoeae Combined PCR, urine
Chlamydia Trachomatis PCR, urine
CMV Antibodies, blood
Coxiella Serology - Ref Lab, blood
Cytomegalovirus IgG level, blood
Cytomegalovirus IgM level, specimen
Cytomegalovirus viral load, specimen
Enterovirus IgM, specimen
Epstein Barr virus serology, specimen
Epstein Barr virus viral load, specimen
Female Fertility Investigation, blood
Flavivirus - Ref Lab, blood
Generic Sample Referral - Ref Lab
Hepatitis A virus IgM screen, blood
Hepatitis A virus total Ab, blood
Hepatitis B and C screen
Hepatitis B Viral Load, blood
Hepatitis B virus core total Ab, blood
Hepatitis B virus surface Ab, blood
Hepatitis B virus surface Ag, blood
Hepatitis C Viral load, blood
Hepatitis C virus Ab screen, blood
Hepatitis D (Delta) Antibody, blood
Hepatitis E virus Ab level, specimen
Herpes Simplex 1&2 IgG Antibody, blood
HIV 1 & 2 Antigen Antibody, blood

HTLV 1 and 2 Ab screen, blood
Leptospira Serology - Ref Lab, blood
Lyme Disease (Borrelia burgdor) serology
Male Fertility Screen, blood
Measles IgG level, blood
Measles virus IgM screen, blood
Mumps virus IgG level, blood
Mumps virus IgM level, blood
Mycoplasma IgM Antibody, blood
Parvovirus B19 DNA - Ref Lab, blood
Parvovirus B19 serology, blood
Rare Imported Pathogens Screen, blood
Rickettsia - Ref Lab, blood
Rubella virus IgG, blood
Rubella virus IgM, blood
SARS CoV 2 antibodies, blood
Save serum, Virology
Sharps Injury Donor
Syphilis Total Antibody Screen, blood
Toxoplasma IgM and IGG, blood
VZV IgG screen, blood
VZV IgM screen, blood
Acanthamoeba - Ref Lab, specimen
AFB Microscopy (incl culture), specimen
Amoebic Serology - Ref Lab, blood
Ascitic Fluid Culture
Bartonella - Ref Lab, blood
Blood Culture Mycobacteria
Bone Marrow Culture
Bordetella Pernasal Culture, swab
Brucella Serology - Ref Lab, blood
Campylobacter Serology - Ref Lab, blood
Clostridium Difficile GDH Screen, faeces
Coccidioides Serology - Ref Lab, blood
CSF Microscopy and Culture
Drain Fluid Culture
Enteric Pathogens Screening, faeces
Faeces - Ova Cysts and Parasites
Faeces - Threadworm Investigation
Faeces Viral Gastro Molecular
Fasciola IFAT - Ref Lab, blood
Filaria Serology - Ref Lab, blood

Foreign Body Identification (Worm, Tick)
Genital - Group B Strep Screening, swab
Genital Swab Culture
Genital Trichomonas Microscopy, swab
Gram Stain for BV, specimen
GRE Screen, swab
H.Pylori Culture, specimen
Helicobacter pylori antigen
Histoplasma Serology - Ref Lab, blood
Hydatid ELISA - Ref Lab
Intra-Uterine Contraceptive Dev Culture
Legionella Antigen, Urine
Leishmania - Ref Lab, blood
MRSA Screen
Mycology Microscopy, specimen
Non-Orthopaedic Tissue Culture Only
Non-Sterile Fluid Culture
Ocular Specimen Culture
Quantiferon TB ELISA, blood
Rotavirus and Adenovirus Ag, faeces
Schistosoma Serology - Ref Lab, blood
Semen Culture
Sputum Culture and Sensitivity
Sterile Fluid Crystal Microscopy
Sterile Fluid Culture
Strongyloides Serology - Ref Lab, blood
TIP Culture
Toxocara ELISA - Ref Lab
Trichinella Serology - Ref Lab, blood
Trypanosoma Serology - Ref Lab, blood
Urine Casts
Urine Microscopy and Culture test
Urine Schistosome Microscopy
Wound Swab
